

## **Chainsaw Safety & Cutting Techniques**

Edmonton, AB – April 8, 2010

8 CEU's Awarded

Is basic chainsaw use a regular part of your work?

Do you and your staff have the required documentation showing chainsaw training?

Chainsaw safety, basic maintenance, practical cutting, bucking, and felling techniques are all key components of this very popular chainsaw short course.

**8 CEU's** are awarded for ISA Certified Arborists.

Each one day module regular cost is \$325 plus GST. A 10% discount is given when registering for two or more courses.

Please view the full training schedule across Canada at [www.arborcanada.com](http://www.arborcanada.com) and register online, or by calling our office at 1-877-268-8733

## **Tree Pruning**

Edmonton, AB – April 9, 2010

8 CEU's Awarded

Do you prune trees?

Have you ever wondered if your cuts were correct, or if what or how you pruned harmed the tree? In Tree Pruning, you will learn about how trees respond to wounding, and the effect that pruning has on trees both biologically and mechanically.

You will learn about the correct equipment and techniques to use, related to pruning trees from an urban landscaping perspective from their youth to maturity.

**8 CEU's** are awarded for ISA Certified Arborists.

Each one day module regular cost is \$325 plus GST. A 10% discount is given when registering for two or more courses.
