

ALBERTA CONSERVATION ASSOCIATION

Mission Statement:

ACA conserves, protects and enhances fish, wildlife and habitat for all Albertans to enjoy, value and use.

Formed in 1997, the Alberta Conservation Association (ACA) is a not-for-profit, registered charity funded by Alberta's hunters, anglers and a growing number of corporate partners. ACA is governed by a multi-stakeholder Board of Directors represented by hunting, fishing, trapping and naturalist groups, government and First Nations', Public at Large, industry and academic representatives.

Annually, ACA directs over 10 million dollars towards conservation efforts, delivering a wide variety of projects, programs and services across the province. Key conservation programs delivered by ACA include **Wildlife, Fisheries, Land Management and Communications**.

ACA also works in partnership with ASRD to deliver the Report A Poacher (RAP) Program and Compensation Programs (comprised of Wildlife Predator Compensation and Shot Livestock Compensation). RAP provides Albertans with an opportunity to participate in the detection and apprehension of resource abusers. In addition, RAP promotes both the value and importance of conserving Alberta's wildlife and fisheries, and a positive image of resource users. The Compensation Programs provide compensation to producers for livestock lost to predators, and livestock shot during a hunting season.

You can help *Conserve Alberta's Wild Side* through the purchase of a hunting or fishing license, by donating land for conservation purposes, or providing funds for program delivery.
