

ALBERTA TRADITIONAL BOWHUNTERS ASSOCIATION

The Alberta Traditional Bowhunters Association (ATBA) is dedicated to promoting the traditional bowhunting lifestyle and diligent in having their needs recognized. The ATBA is affiliated with the Alberta Bowhunters Association (ABA) and works closely with all Alberta's conservation and hunting organizations.

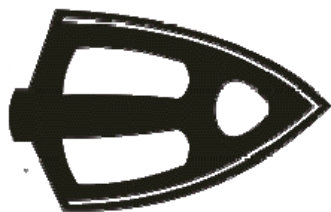

The focus of the ATBA is primarily the promotion of hunting with traditional archery equipment. They wish to promote and preserve the historic and cultural importance of the traditional bow and arrow and those individuals who have dedicated themselves to its purpose. The ATBA also acts as Alberta's only Traditional Archery record book.

Members of the ATBA are committed to the support and fostering of ethical Bowhunting across the globe, act as ambassadors to all fellow hunters, treat all fellow hunters with respect, dignity, and fairness, and respect the wildlife they hunt in life and death. The ATBA strives to create and promote opportunities for members to gather for the purpose of camaraderie, fellowship and learning. The ATBA also sponsors the ATBA Youth, an organization committed to teaching youth the importance of the traditional style of archery and Bowhunting.

The association has divided the province into 16 different regions. Each region has a regional representative to host different events including: Stump Shoots, Group Hunts, and members getting together for coffee, stories, and some laughs.

ATBA members must be members of the ABA. The following rates include ABA and Federation of Canadian Archers memberships: youth memberships (under 18 years) are \$30.00, individual memberships are \$60.00, and family memberships are \$100.00 annually. If you are currently a member of the ABA, that portion will be refunded by the ABA. Membership registration forms are available at the website listed below.
