## **WHEELCHAIR GUN MOUNTS**

### **FOR PARAPLEGICS AND OTHERS**

Buckmasters American Deer Foundation and Streamlight will be issuing two wheelchair VRS Gun Mounts from Lonestar Field Products. These are for paraplegics and other wheelchair users that have adequate arm function and do not need a completely mechanical unit. These can be seen at <http://www.lonestarfieldproducts.com/vrs506.html>

We ask that you only apply if you do not already have an adequate gun rest. If you currently have a device that you can successfully hunt with, please do not apply. For all wheelchair users - it is very important to have a rest of some type on your chair. In some places that we hunt shots can be up to 400 yards. Even for much closer range, we strongly suggest a mount or rest of some sort.

Here are the instructions on how to apply for VRS Gun Mount. Applications will be reviewed the mounts issued on or about August 1st, 2004.

#### **TO APPLY FOR A LONESTAR VRS GUN MOUNT:**

Email the following info to [versa\\_rests@yahoo.com](mailto:versa_rests@yahoo.com)

1. Name
2. Complete Address
3. Phone Number
